Association meet –

Please Read...

The Thornton Recreation Center is a fairly new center that we have never had a competition at. But they do have certain policies that I am going to share with you as these are a little different from what we are used to at other facilities:

1) Teams will be allowed to bring coolers into the lounge area but all food needs to be consumed in the lounge area and not in any part of the pool. Only water in plastic containers will be allowed on the pool deck.

2) Pool rules prohibit anyone besides athletes, coaches and officials on the pool deck or the pool deck bleachers during competitions; family and audience members must be in the upper stands. (That means no parents will be allowed on deck except for volunteering purposes).

3) Last but not least, this is a brand new pool and we are responsible for any plumbing charges incurred by our group. Please inform your swimmer that they may not under any circumstances wash out Knox in the pool or the locker room!!!!
